STICKYBEAR® READING COMPREHENSION

BY RICHARD HEFTER AND STEVE WORTHINGTON

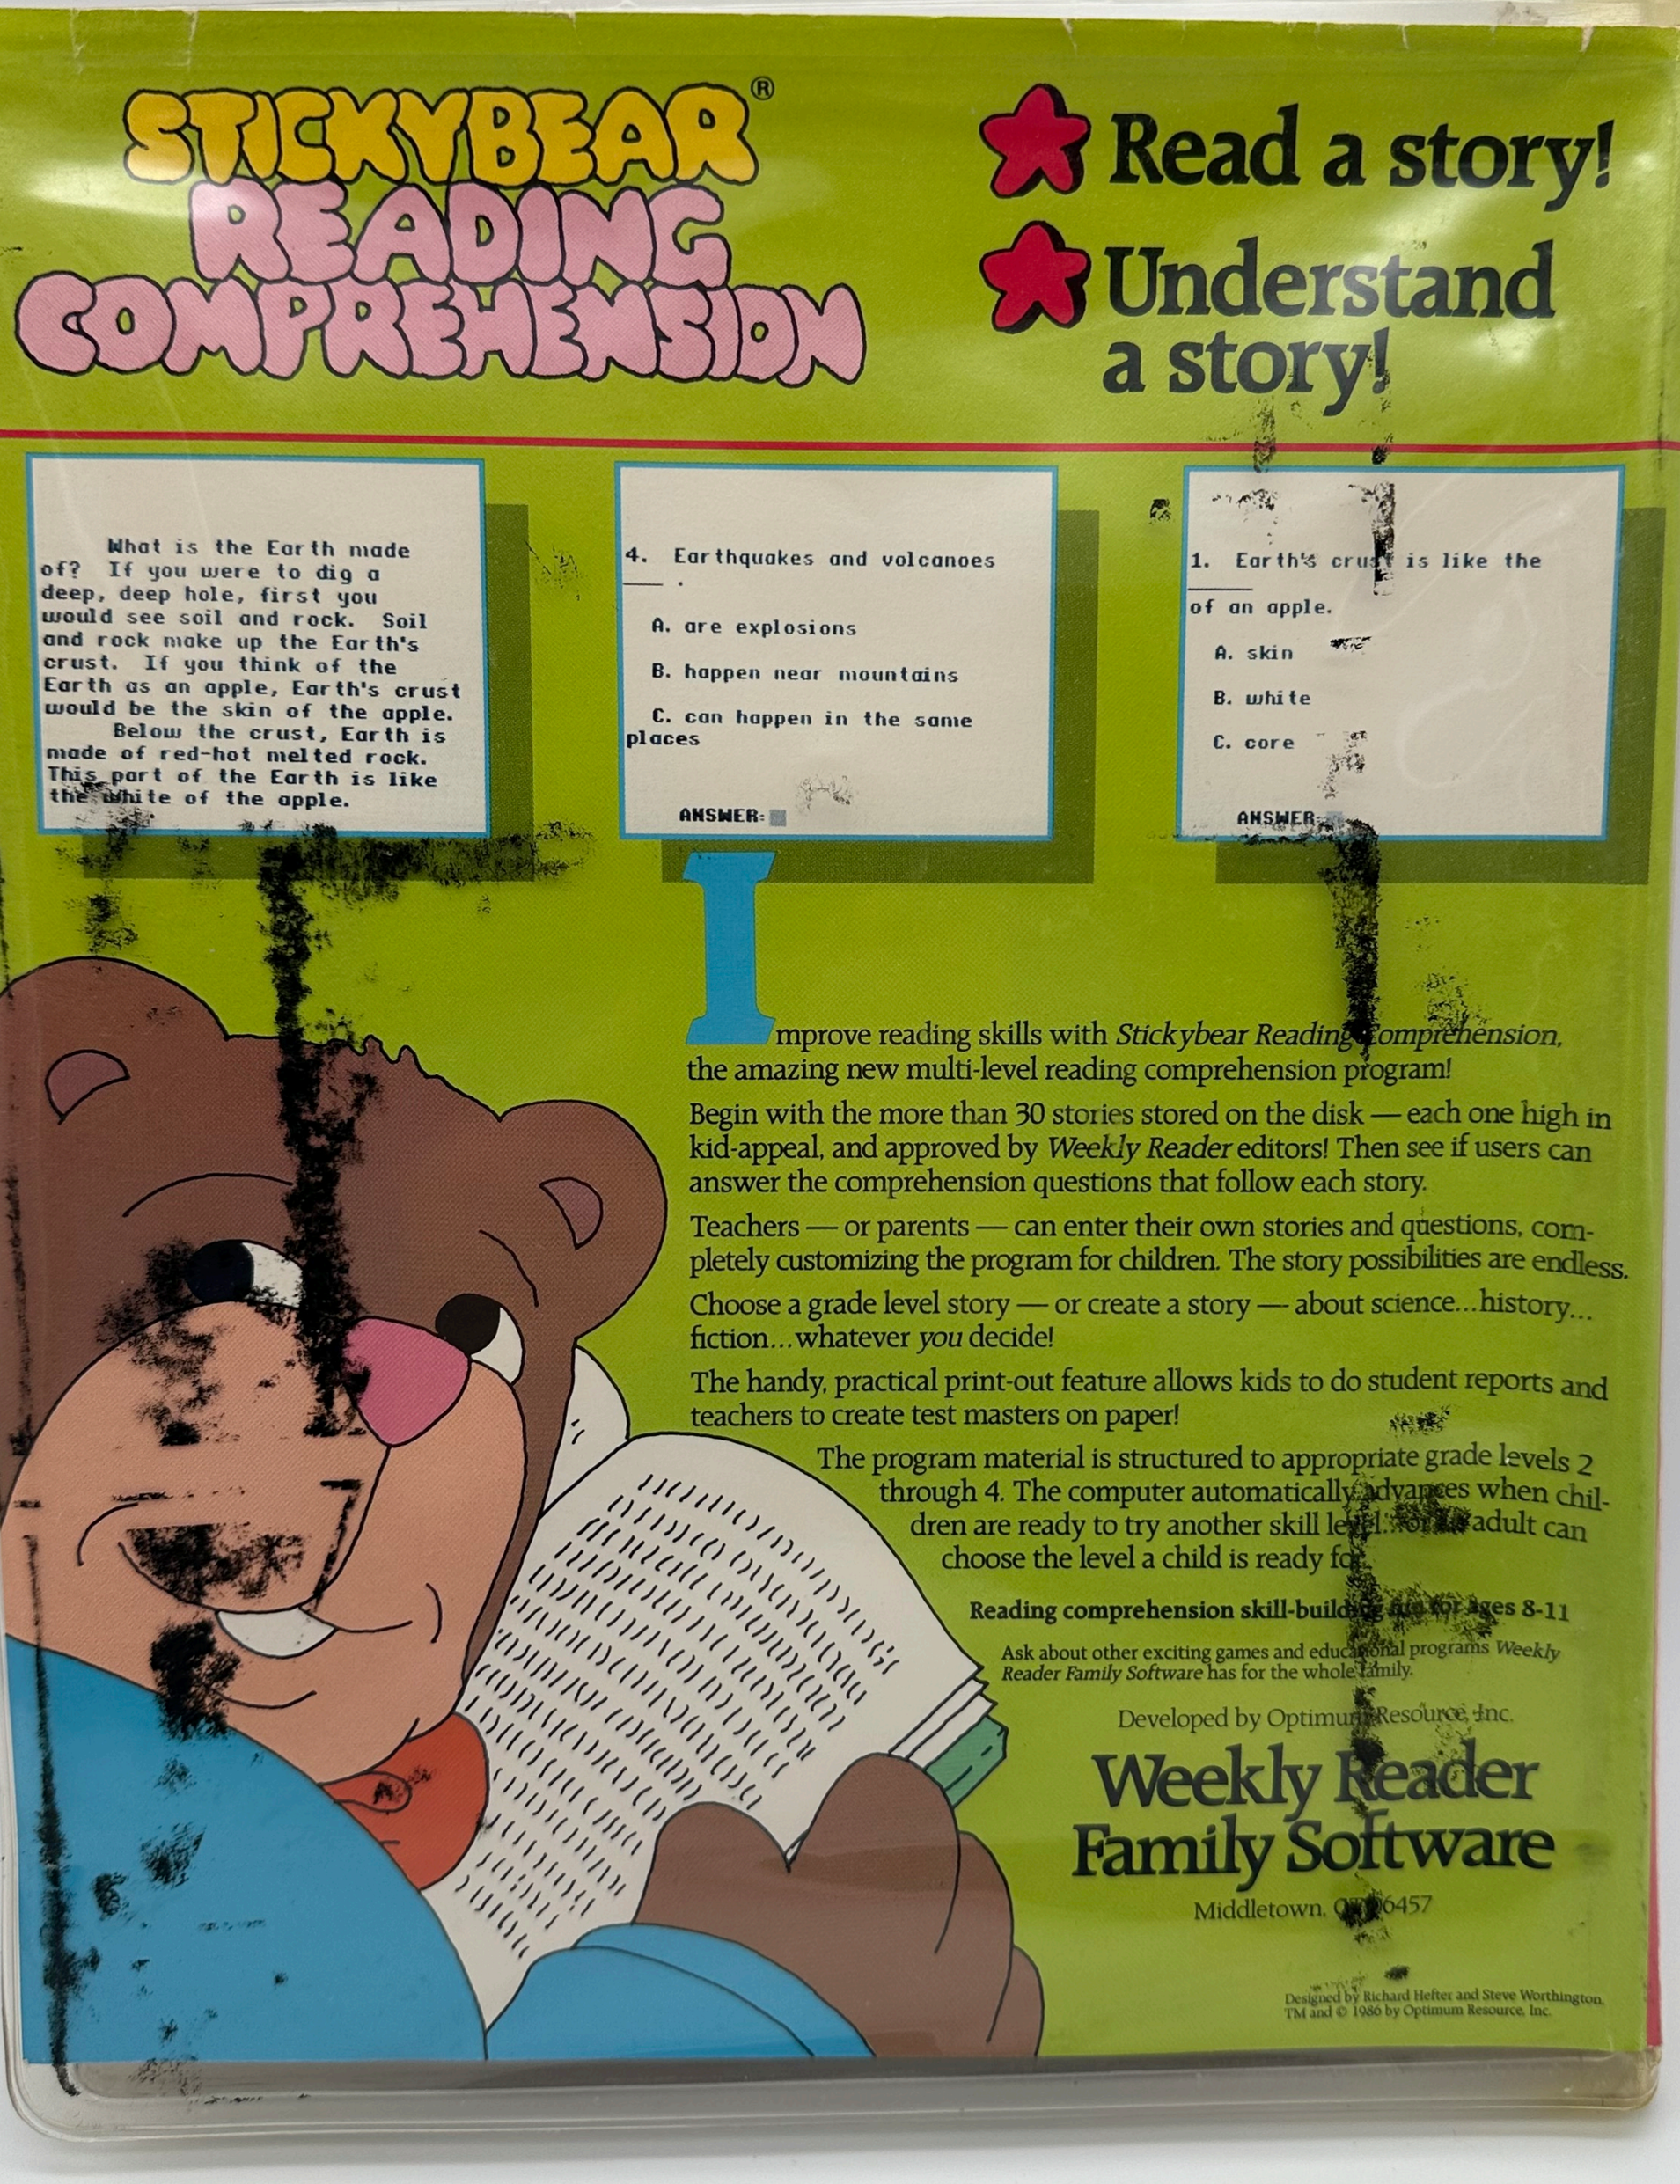
FOR AGES 8 TO 11

Weekly Reader Family Software

STICKYBEAR® READING COMPREHENSION

★ Read a story!

★ Understand a story!



What is the Earth made of? If you were to dig a deep, deep hole, first you would see soil and rock. Soil and rock make up the Earth's crust. If you think of the Earth as an apple, Earth's crust would be the skin of the apple.
Below the crust, Earth is made of red-hot melted rock. This part of the Earth is like the white of the apple.
4. Earthquakes and volcanoes ___ .
A. are explosions
B. happen near mountains
C. can happen in the same places
ANSWER:
1. Earth's crust is like the ___ of an apple.
A. skin
B. white
C. core
ANSWER

Improve reading skills with *Stickybear Reading Comprehension*, the amazing new multi-level reading comprehension program!

Begin with the more than 30 stories stored on the disk — each one high in kid-appeal, and approved by *Weekly Reader* editors! Then see if users can answer the comprehension questions that follow each story.

Teachers — or parents — can enter their own stories and questions, completely customizing the program for children. The story possibilities are endless.

Choose a grade level story — or create a story — about science...history... fiction...whatever *you* decide!

The handy, practical print-out feature allows kids to do student reports and teachers to create test masters on paper!

The program material is structured to appropriate grade levels 2 through 4. The computer automatically advances when children are ready to try another skill level. Or the adult can choose the level a child is ready for.

Reading comprehension skill-building aid for ages 8-11

Ask about other exciting games and educational programs *Weekly Reader Family Software* has for the whole family.

LIMITED WARRANTY
For a period of 90 days from the date of purchase, Optimum Resource, Inc. warrants to the original purchaser/customer that the diskette provided is free from defects in material or workmanship, under normal use and service. This warranty does not apply to defects resulting from abuse, alteration, or unreasonable use of the product. In the event that such defect is discovered within the warranty period, the purchaser's sole and exclusive remedy is expressly limited to the repair or replacement of the diskette. Simply return the diskette to Optimum Resource, Inc., or its authorized dealer along with a dated receipt.
This warranty is in lieu of all other warranties - oral, written, expressed, or implied. Any implied warranties, including warranties of merchantability and fitness, are hereby limited to 90 days from the date of purchase. Incidental and/or consequential damages resulting from a breach of any applicable express or implied warranties are hereby excluded, including damage to property and damages for personal injury. Some states do not allow the exclusion or limitations on how long an implied warranty lasts, so the above limitation or exclusion may not apply to you.
This warranty shall not be applicable to the extent that any provision of this warranty is prohibited by any federal, state or local law which cannot be preempted. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

You can make individual assignments, then store them on the disk for up to 39 students (the 40th name is always reserved for any new child not on the list). Each student will be presented with the level specified for that individual.

After pressing Control C you will see the Options Menu:

Select a parent option:

1. Update program options.
2. Check report cards.
3. Enter new student.
ESC. Restart program.

Choose and press RETURN.

Press the number that corresponds to the option you wish to select, then press RETURN.

Update Program Options

When you select this option you will see:

You can customize the Reading Comprehension program for each student.

Press RETURN to go on or ESC to go back to the previous menu.

Press RETURN to go on or press Esc to go back to the Options Menu.

Enter the student's name.

Name:

Type the student's name (11 letters or less), then press RETURN. The Options section will present you with two choices. Press the

appropriate number to identify your response, then press RETURN. You will be able to review and revise your selections after the second choice.

The options are

1. Select the starting level of difficulty.
Enter a number from 1 to 7 to select the level of difficulty at which the program will begin for this student. Stickybear Reading Comprehension will adjust itself automatically as the student answers each exercise, and progress through the levels will be monitored on the report card.

Levels 1 & 2 are based on Grade 2 comprehension exercises.
Levels 3 & 4 are based on Grade 3 comprehension exercises.
Levels 5 & 6 are based on Grade 4 comprehension exercises.
Level 7 consists of custom exercises entered by the teacher or parent.

2. Select the number of tries.
Enter a number from 1 to 4 to specify how many incorrect answers the program will accept before the computer displays the correct answer.

If you do not change this option, the program will select two tries. Younger students will feel comfortable with more tries. You may set this option to 1 for a quiz form that will record accurate per-question scoring.

When you have completed both choices you will be shown a review screen. Type the number of any option you wish to revise, or press RETURN to accept the choices as made and to return to the welcome panel.

Name: ROBERT

1. Starting level: 4
2. Number of tries: 1

Press RETURN to accept the options as they are or enter the number of any option you want to change and press RETURN.
